Volunteers are needed to assist with insuring that our special needs program residents are properly registered with the Emergency Operations Center in the event of an evacuation.

**What does this mean?** All registered special needs folks will be called to verify their information and that they will still be in need of assistance if there is an evacuation.

This “**Special Needs Call Down**” training is scheduled purposely at the beginning of hurricane season. Approximately 400 special needs residents will be called and asked a series of questions. Training and a script will be provided to volunteer participants.

Come join us in helping our community members to be safe! Please call **527-5955** to sign up today. A light breakfast will be provided.

**Remember Hurricane Season is upon us.**

For persons with disabilities requiring reasonable accommodations, please contact our office at **527-5955**.
